

About Us

Â

Splash SuperPool® began its history in Italy with Italian engineer Luigi Spedini designing the ultimate above ground pool in 1969.Â It was introduced to the public in 1974.Â Through the years, the pools have evolved structurally and maintain great success throughout Europe.

In 1996, Splash was introduced to the United States and began manufacturing the 4' deep pools in North Little Rock, Arkansas. In 1999, Splash introduced the only portable 5 foot deep above ground pool!

Splash SuperPools of Hawaii opened its showroom in the Old Industrial Area of Kona in December of 2005.Â In 2011, we moved to our current location on Maiiau Street (the road to Costco).

Splash Pools carries a variety of chemicals and accessories to make it "one-stop" shopping for all of your pool needs.

Splash SuperPools of Hawaii is your authorized Hayward dealer for your pool vacuum needs and repairs.Â In addition, we have a qualified mechanic and pool specialist for more in depth pool problems.
